

AsahiOpenHouse*
Technology Center Brussels
Sept. 27th & 30th 2011
(in time of Label-Expo in Brussels)

H₂O not VOC

We are proud to present to you during our OpenHouse event our NEW **All-in-one AWP Water Processor Technology**.

The AWP 6682 Combi is designed for the challenging demand of the high quality label customer. Our AWP water washable plates are known for their excellent performance in high quality flexo printing as well as being environmentally sound.

*For your personal **OpenHouse** invitation, please contact your local Asahi branch office or +32 25260531
